## Cancer (Jun 21-Jul 22)

It's true that the Moon, your ruling planet, shifts often in the sky, but it's still worth noting that it's Full in your own sensitive sign at the beginning of January. This Moon is part of a four-point configuration called the Cardinal Grand Cross right now, and indicates a key time to regroup and refocus your energy. If you're going through a tough time, bring everything to a halt as you regather your thoughts. What should your next move be?
